

# INTERIOR TRIM

*Re-trimming work forms a major part of our workshop service. Jaguar interiors are refurbished with the same care, patience, meticulous attention-to-detail and reverence demanded by any work of art. Always staying true to original values, cabin trim or complete interiors are hand-crafted from the finest animal hides and natural hardwoods.*

*We also pride ourselves in being able to supply any item of trim to order. So, whether you need carpet, seats, upholstery, soft top, door trim, seat trim or dash trim – whatever the material, whatever the colour – XK Engineering can deliver!*

*For a competitive quotation over the telephone, please contact our parts department with details of model, year, chassis number, transmission type and colour required.*

# INTERIOR TRIM

## XK 120 ROADSTER
