ALL 6 CYL MODELS	C40147	1	
ALL 12 CYL MODELS	C32197	1	
XJS 3.6 MODELS	EAC2464	1	

It's not just brand new parts... it's second hand too!

Even today, there's still a host of classic Jaguar parts that are not yet being remanufactured. So, as part of our service to provide a more complete range of parts, we are permanently engaged in sourcing vehicles for dismantling. All suitable parts worth saving – body panels, fittings, trim, engines, electrical items, etc. are then fully refurbished and offered for sale. In addition, we also offer a unique 'exchange' scheme for customers who wish to replace worn out wiper

motors, starter motors, alternators, etc. part exchanging these for fully reconditioned units from our shelves, all of which are fully guaranteed. It is all part of the XK commitment to maintaining the marque. If you would like to know more about this service or require prices on any reconditioned or second hand item, please call us.
